Foreword

In 1887 a programme of music examinations was initiated in Australia by the Universities of Adelaide and Melbourne. Subsequently the Australian Music Examinations Board (AMEB) emerged in 1918 as a national body with the purpose of providing graded assessments of the achievements of music students. Later, examinations were also provided for students of speech and drama.

The Board provides syllabuses across a wide range of musical instruments, as well as in singing, theory of music, musicianship, music craft, and speech and drama. It has become the most widely used assessment system in these fields of study in Australia. The success and high regard for Australian musicians at an international level has been partly due to the encouragement of young performers in this country through their participation in AMEB activities.

While one of the chief functions of the Board is to set examination standards of a high order, more importantly it strives to offer all students access to some of the best repertoire for study purposes, whether they subsequently sit for the examinations or not. Through its publications the Board strives for the highest editorial standards of presentation together with advice on interpretation from some of the leading practitioners in the country. The Board has a commitment to including compositions by Australian and regional composers in its publications and syllabuses.

Overall direction of these activities is the responsibility of a Federal Board consisting of representatives of educational institutions that are signatories to the AMEB constitution, namely the Universities of Melbourne, Adelaide and Western Australia, the Minister for Education and Early Childhood Learning, New South Wales, the Minister for Education, Queensland, and the Minister for Education and Training, Tasmania, through the University of Tasmania.

The success of AMEB's role in developing standards of performance and scholarship has been achieved through the support of teachers in all states. A collaborative approach is used in the development of syllabuses and views are sought from teachers in all areas of the Board's work. With the assistance of its examiners and specialist panels, the Board will continue to work in association with teachers to provide encouragement for students and the sense of achievement that is an outcome of participation in its syllabuses and examinations. The Board believes that its activities ultimately lead to the enhancement of the cultural life of the community.

SYLLABUSES

New Syllabuses

Harp

AMEB is proud to announce the launch of its new Harp syllabus, available for examination in all states from 2021. Following a comprehensive review of the Harp Manual Lists, the syllabus now caters for candidates on both Lever and Pedal harp, using the same lists for Level 1 (Preliminary to Grade 4) and separate lists for Level 2 (Grade 5 to Certificate of Performance). Level 3 (Associate and Licentiate) will be available on Pedal harp only. The technical work requirements have also been reviewed, culminating in the release of *Technical work* books for Harp for the first time: *Harp Technical work Level 1* (2020) and *Harp Technical work Level 2* (2020). Harp grade books (Harp Series 1) have been produced for the first time, for Preliminary to Grade 4, in addition to *Harp Sight-reading* (2020). All of these publications cater for candidates on Pedal harp and Lever harp. The new syllabus introduces two new examinations: Preliminary at the beginning of the syllabus and Certificate of Performance, which serves both to cap the Level 2 examinations as well as prepare candidates for the requirements of the Level 3 examinations.

The following resources, available from November 2020, may be used with the new syllabus:

Harp Series 1 grade books – Preliminary to Grade 4 (2020)
Harp Technical work Level 1 (2020) and *Harp Technical work Level 2* (2020)
Harp Sight-reading (2020)

Users of the new syllabus will be able to source their repertoire from either *Harp Series 1* or the works on the new Manual Lists.

The Harp technical work as printed in the 2020 *Manual of syllabuses* may not be used with the new syllabus.

The new Harp syllabus will be examined concurrently with the version of the Harp syllabus that last appeared in the 2020 *Manual of syllabuses* for two years after the release of the new syllabus. From the start of 2023 the previous Harp syllabus will no longer be available for examination.

Please visit www.ameb.edu.au for up-to-date information on the new syllabus & publications, state workshops and launch dates, articles, video clips and more.

Revised Syllabuses

The technical work requirements for the Trombone Syllabus (Preliminary to Grade 8), Bass Trombone Syllabus (Grade 5 to Grade 8) and Euphonium Syllabus (Preliminary to Grade 8) have been revised, culminating in the release of a new technical work book: *Trombone & Euphonium Technical work & Orchestral excerpts* (2020), which also contains a selection of orchestral excerpts suitable for fulfilling the List D Orchestral Excerpts requirement in Grades 5 to 8. The revised Trombone and Euphonium syllabuses also introduce one new examination, Preliminary, at the beginning of the syllabus, with Manual Lists from which to select repertoire for examination.

Trombone, Tuba and Euphonium Technical work (2004) may not be used with the revised syllabuses. This book may only be used with

the Trombone, Bass Trombone and Euphonium syllabuses that last appeared in the 2020 *Manual of syllabuses*.

The revised Trombone, Bass Trombone and Euphonium syllabuses will be examined concurrently with the version of these syllabuses that last appeared in the 2020 *Manual of syllabuses* for two years after the release of the revised syllabuses. From the start of 2023 the previous Trombone, Bass Trombone and Euphonium syllabuses will no longer be available for examination.

The revised syllabus also introduces one new examination, Preliminary, at the beginning of the syllabus, with Manual Lists from which to select repertoire for examination.

Trombone, Tuba and Euphonium Technical work (2004) may not be used with the revised syllabus. This book may only be used with the Tuba syllabus that last appeared in the 2020 *Manual of syllabuses*.

GENERAL REQUIREMENTS WRITTEN EXAMINATIONS

Introduction

Three syllabuses are available for examination in the theoretical aspects of music, namely Music Craft (Preliminary–Grade 6), Theory of Music and Musicianship. These syllabuses provide a graded series of examinations. Music Craft includes an aural component throughout the syllabus. The Musicianship syllabus includes an aural component from Grade 4 onwards.

Written Examinations

The aural component of written examinations is administered by means of a recording. Before the commencement of the written examination candidates will be given a short listening time in order to become familiar with the sounds to be used on the examination CD. When undertaking a written exam, candidates are encouraged to write neatly and clearly on examination papers. For the guidance of candidates, the maximum number of marks allotted to each question is shown on the examination paper.

Online Examinations

Candidates may complete written examinations online from www.exams.ameb.edu.au. Online examinations use the same syllabus as the written examination papers. The aural component is administered through the computer's speakers within the exam and the aural and written components are combined.

GENERAL REQUIREMENTS PRACTICAL EXAMINATIONS

Introduction

In general, practical examinations comprise the presentation of work in the following areas: technical work; studies and pieces (including extra lists); aural tests; sight reading and general knowledge.

Technical Work

Unless specified otherwise, all technical work is to be presented from memory.

Studies and Pieces

Pieces to be presented must be drawn from the lists appropriate for the grade, as included in the current *Manual of syllabuses* and/or the Board's published grade books (where applicable). The syllabus lists may be revised from year to year and new grade books may be issued. Teachers and candidates should refer to the appropriate syllabus in the current *Manual* for up-to-date information. All music for the examination must be brought to the examination room.

Extra Lists

Two Extra List works are required for Comprehensive exams for all instrumental subjects and Singing from Grade 2 to Grade 7, both inclusive. Two Extra List songs are required in Musical Theatre from Grade 2 to Grade 6, both inclusive. Extra list works are not required for Piano for Leisure, Saxophone for Leisure, Singing for Leisure or Repertoire exams.

The Extra List should have an educational value similar to that already prescribed in the syllabus. For example, candidates might wish to present another work from the syllabus, the current grade book, or earlier editions of grade books. The candidate may present a work of educational value similar to those listed in the syllabus from a source other than those listed above. Candidates will be required to demonstrate familiarity with these pieces by performing the whole or any part of them at the discretion of the examiner. The music must be brought to the examination room.

Accompaniment of Extra List pieces is not required, even if the work is written with accompaniment.

Memorisation

With the exception of Musical Theatre and where otherwise prescribed, candidates are not required to play or sing from memory. However, candidates should be encouraged even at the earliest stages to make a habit of memorising.

Note: Vertical rules alongside text from pp. ix–xix inclusive indicate changes to information published in the 2020 *Manual of syllabuses*.

Candidates playing from memory must still bring their music to the examination for the General Knowledge section.

In Musical Theatre, candidates must perform all List songs and Extra list songs from memory.

Certificate of Performance

Singing: Candidates must perform the whole programme, except items from cantata and oratorio, from memory.

Associate

Singing: Candidates must perform the whole programme, except items from cantata and oratorio, from memory.

All other instruments: Candidates are encouraged to present a portion of the programme from memory.

Licentiate

Singing: Candidates must perform the whole programme, except items from cantata and oratorio, from memory.

Organ: Presentation from memory is entirely optional.

All other instruments: Candidates must present one complete work from memory.

Regulations

Teachers and candidates should note carefully all regulations.

Examination Conditions

In those cases where examinations are conducted in premises not provided by AMEB, the local authority or teacher must assume responsibility for the provision of a piano of adequate quality and ensure that it is tuned and regulated (pitch C522 is recommended). Where necessary a music stand must also be provided.

Accompanist

Accompaniment is essential wherever the pieces presented are provided with piano accompaniments, with the exception of Extra List pieces. Refer to Regulation 24. This should be checked with the retailer at the time of purchase of the solo part. Voice and all instrumental subjects other than Piano, Accordion, Organ, Harp and Classical Guitar, are to be accompanied. Candidates must provide their own accompanist (who may be the teacher), but the accompanist may remain in the examination room only when actually required. While it is desirable in all grades for candidates to be competently accompanied, in the higher grades (particularly in those pieces where interpretative success depends upon a musical partnership as in a sonata, etc.) candidates are advised to seek the services of an experienced accompanist in order to do themselves full justice and be assessed accordingly.

Where AMEB recorded accompaniments are available, candidates may perform with those recordings in examination as an alternative to using an accompanist. If using recorded accompaniments, it is the candidate's responsibility to provide and operate suitable equipment for the examination. Candidates should refer to the foreword to the relevant syllabus in the annual *Manual of syllabuses* for further information on recorded accompaniments for their instrument. When performing with recorded accompaniments in examination, candidates must use the '100%' or 'performance' tempo.

Extra Lists do not have to be accompanied, even if written with accompaniment.

Repeats

Candidates are required to be familiar with repeats, but these need not be performed during the course of the examination unless specifically requested by the examiner. However, *da capo* directions should be observed.

In Level 3 (Associate and Licentiate) exams, repeats may be performed at the candidate's discretion, as long as all other program requirements are met. All *da capo* directions must be observed.

Pencil Marks

Before entering the examination room candidates should see that all pencil marks which may have been made on their music to indicate general knowledge information are carefully erased. Marks indicating fingering, bowing or other teaching aids need not be erased.

Editions

Editions are mentioned solely as a means of identification. Original editions are recommended but any standard edition will be accepted. The Board does not prescribe any specific edition. In the case of arrangements however, it is necessary to use the specified volume as other editions may be of unsuitable levels of difficulty.

Metronome Marks

Metronome marks should be regarded as an approximate indication of required tempo.

Page Turning

Teachers and candidates are advised that candidates should not expect examiners to turn pages and adequate steps must be taken to ensure continuity of the music in performance. A page-turner may be used by the candidate and/or accompanist. The page-turner may only remain in the examination room when actually required.

General Notes

At the beginning of each syllabus the General Notes outline any details specific to that syllabus.

Keys of Pieces

Teachers and candidates are advised that pieces must be presented in the key that is specified in the syllabus.

Singing candidates may transpose all works except arias.

Aural Tests, Sight Reading, General Knowledge Requirements

These can be found in the first section of the *Manual*. Consult the Contents page for the correct page number.

Availability of Material

AMEB regrets that due to circumstances beyond its control it is unable to be responsible for the availability of listed syllabus material. Teachers are advised to consult their retailer in this regard or to choose an alternative work from the list. Teachers who are uncertain which retailers in their State stock AMEB syllabus material are advised to consult AMEB's Preferred Retailer list in the back of this manual and online at www.ameb.edu.au. Teachers and candidates are advised to check all printed examination material issued by authorities other than the Board in order to ensure that it conforms to the standards and requirements of AMEB examinations.

Australian Music Centre

Candidates requiring facsimile scores from the Australian Music Centre can contact the centre as follows:

Email: info@australianmusiccentre.com.au

Phone: 1300 651 834

Website: www.australianmusiccentre.com.au

Photocopies

In general, the Copyright Act prohibits the use of photocopied music.

Photocopies should not be used by candidates in AMEB examinations, unless an exception to copyright applies, or the relevant music publisher has granted permission for the candidate to make a copy.

In some circumstances, a copy of music may be required for use by the examiner. In these cases, if performing from memory, candidates should provide a published edition of the music to the examiner.

Diploma candidates must supply a copy of their music to the examiner.

If you are unsure of the provisions of the Copyright Act please refer to the 'Guide to Music Copyright for Australian Educators' on the APRA/AMCOS website or contact APRA/AMCOS on 1300 852 388 or apra@apra.com.au.

Downloaded Musical Scores

Candidates may present for examination using scores that have been legally purchased and downloaded via online sheet music retailers.

Candidates who present for examination using scores that have been downloaded for free from sites such as IMSLP.org should note that they bear the responsibility to ensure copyright clearance for their use of this material has been obtained. Copyright laws differ between countries, and works that are in the public domain where such a website may be hosted may still be under copyright restrictions in Australia. Candidates should note that penalties apply for the improper use of copyright material.

Approvals of Music

In some situations AMEB requires a copy of music to be provided for approval purposes prior to an examination – for example FMusA programmes and some Own Choice works. In such cases candidates should ensure authorised copies are submitted.

Objectives

Each syllabus contains a set of objectives which provide guidance on examiners' expectations of achievement at each level.

TEST REQUIREMENTS FOR CANDIDATES IN PRACTICAL EXAMINATIONS

AURAL TESTS

Aural Tests in Grades other than Preliminary will be played twice. In the case of tests specified in more than one grade, the difficulty of the examples given to the candidates will be adjusted to the standards of the respective grades.

Interval Tests: Boys whose voices are at the 'breaking' stage may respond to the pitch tests by whistling instead of humming or singing.

In tests where interval recognition is required, attention is drawn to the method of answering these questions. Grade 3 requires candidates to name the interval as being the second, third, fourth, or fifth of the scale. In Grades 4, 5 and 6, candidates are required to name the intervals as major second, major third, perfect fourth, etc.

Preliminary

TIME: To clap the beats of simple chord passages played in two or three beat time by the examiner at varying speeds – slow, moderate and quick, and to continue clapping or beating after the examiner ceases to play.

RHYTHM: To hum, sing, clap or tap the note values of a simple rhythmical two-bar passage played by the examiner.

PITCH: To sing or hum the notes of a short melodic phrase of five or six notes of one beat length. The examiner will first play the phrase and then repeat it, waiting on each note for the candidate to sing the note.

PITCH: To state which is the higher or lower of any two notes played separately, not less than a third apart.

Grade 1

PITCH: To hum or sing the tonic at the end of a short unfinished phrase played by the examiner.

RHYTHM: The examiner will play twice a passage in duple or triple time. The candidate will then tap or clap the passage.

PITCH: To hum or sing a short phrase played twice by the examiner, combining melody and time.

Grade 2

RHYTHM: The examiner will play twice a passage in duple or triple time. The candidate will then tap or clap the passage.

PITCH: To hum or sing a short phrase played twice by the examiner, combining melody and time.

PITCH: To hum or sing the higher or lower of two notes a major third or a perfect fifth apart within the limits of an octave from middle C played simultaneously by the examiner.

Grade 3

RHYTHM: The examiner will play twice a passage in duple or triple time. The candidate will then tap or clap the passage and state whether it is duple or triple time.

MELODY: To hum or sing a short phrase played twice by the examiner, combining melody and time.

PITCH: To hum or sing the higher or lower of any two notes within the limits of an octave from middle C played simultaneously by the examiner.

PITCH: The examiner, having sounded on the piano a note to be regarded as the keynote of the scale, the candidate will hum or sing and afterwards name the interval of the second, third, fourth or fifth of the major scale as played by the examiner, in succession to the keynote.

Grade 4

RHYTHM: The examiner will play twice a passage in duple or triple time. The candidate will then tap or clap the passage and state whether it is in duple or triple time.

PITCH: The examiner, having sounded on the piano a note, to be regarded as the keynote of the scale, the candidate will hum or sing and afterwards name any interval of the major scale as played by the examiner immediately after the keynote.

PITCH: To hum or sing from memory the higher or lower part of a two-part progression of two successive intervals within the compass of an octave from middle C as played by the examiner.

PITCH: The examiner, having sounded any major or minor triad either in root position or an inversion played within the limits of an octave, the candidate will hum or sing the middle note.

Grade 5

RHYTHM: The examiner will play twice a passage in duple or triple time. The candidate will then tap or clap the passage and state whether it is in duple or triple time.

PITCH: The examiner, having sounded on the piano a note to be regarded as a keynote of the scale, the candidate will hum or sing and afterwards name any interval of the major scale as played by the examiner immediately in succession to the keynote.

PITCH: To hum or sing from memory the higher or lower part of a two-part progression of three successive intervals within the limits of an octave from middle C as played slowly by the examiner.

HARMONY: The examiner having sounded any major or minor triad either in root position or an inversion played within the limits of an octave, the candidate will hum or sing all three notes, ascending or descending as required.

Grade 6

PITCH: The examiner, having sounded on the piano a note to be regarded as the keynote of the scale, the candidate will hum or sing and afterwards name any interval of the major or harmonic minor scale as played by the examiner immediately in succession to the keynote.

HARMONY: The examiner having sounded any major triad either in root position or an inversion played within the limits of an octave, the candidate will recognise the position of the triad.

PITCH: To hum or sing from memory the higher or lower part of a two-part progression of four successive intervals within the limits of an octave from middle C.

HARMONY: To recognise Perfect and Plagal cadences in a major key as they occur in a short piece played by the examiner, the tonic chord being first sounded.

Grade 7

PITCH: The examiner, having sounded any major or minor triad either in root position or an inversion played within the limits of an octave, the candidate will recognise the major or minor triad, stating its position.

HARMONY: To recognise Perfect, Plagal and Interrupted cadences in a major key as they occur in a short piece played by the examiner, the tonic chord being first sounded.

MEMORY: Approximately one minute being allowed to memorise a two-bar melodic phrase from a printed copy away from the instrument, the candidate will then play or sing the phrase from memory. The examiner will sound the keynote before the phrase is memorised.

PITCH: To hum or sing from memory the higher or lower part of a two-part phrase of not more than six notes, note against note within the compass of an octave from middle C played slowly by the examiner.

Grade 8

HARMONY: The examiner, having sounded any major or minor triad either in root position or an inversion, or any diminished triad in root position, played within the limits of an octave, the candidate will recognise the major, minor or diminished triad, stating its position (in the case of a major or minor triad).

HARMONY: To recognise any of the four principal cadences in a major key as they occur in a short piece played by the examiner, the tonic chord being first sounded.

MEMORY: Approximately one and a half minutes being allowed to memorise a three- or four-bar melodic phrase from a printed copy away from the instrument, the candidate will then play or sing the phrase from memory. The examiner will sound the keynote before the phrase is memorised.

PITCH: The examiner will play on a piano a two-part phrase with a few passing notes, and the candidate will hum, sing or play from memory, the lower part.

SIGHT READING TESTS

For candidates in practical examinations.

GENERAL KNOWLEDGE TESTS**Guidelines for Levels 1 and 2**

For candidates in practical examinations.

Candidates can expect to be asked:

- At least one question about each List piece presented;
- Between 6 and 10 questions in total;
- In Level 1, examinations on solo instruments and voice, questions will be asked from the candidate's part (not the accompaniment part)
- In Level 2, examinations on solo instruments and voice, questions will be asked from the accompaniment part (not the candidate's part)

From Grade 7 and above, candidates will be asked about the composer; candidates should interpret 'period' as an historical time frame; 'style' as the features, attributes and characteristics of the music or period (for example texture, phrasing, articulation, use of dynamics, motif, harmony, ornamentation, tempo, agogic accentuation etc.).

Candidates presenting in Musical Theatre should also consult the General Knowledge requirements in this syllabus as they contain certain requirements specific to the syllabus.

General Knowledge questions will not be asked about Extra List pieces.

- (iii) Explain form, through a detailed structural analysis. Where the piece is a movement from a larger work, brief knowledge of its relationship to the other movements in the work is expected.

Either from the List piece score, or by reference to general characteristics not apparent on the score itself, candidates can be asked about:

- (i) Period and style appropriate to the piece. In addition, knowledge of the composer, his/her influences and some other works is expected. Knowledge of other genres typical of the period but not necessarily instrument-specific is also expected e.g. orchestral music, choral music.

- (i) Knowledge of the period and style appropriate to the piece;
- (ii) Knowledge of other genres typical of the period but not necessarily instrument-specific is also expected, e.g. orchestral music, choral music; and
- (iii) Knowledge of the composers of each of the pieces being presented, in particular relating to their works and musical influences, is expected.

Guidelines for Level 3

Candidates will be expected to demonstrate a mature understanding of the structure, style and historical background of the repertoire that is performed and to use this as a basis for discussing the interpretive choices that they make.

Questions, which will be asked from the full piano score, will focus on the following areas:

- Terminology, including the significance of titles and the meaning of all markings contained in the score.
- Composers: relevant biographical information, sources of influence, impact upon later generations of composers and repertoire output (both in the discipline being examined and more broadly).
- Historical and stylistic context: how each work relates to the period from which it arises, considering both its compositional style and the performance conventions of the time.
- Structure: formal layout, keys, melodic/harmonic language and the identification of climax points.
- For instrumentalists, the construction and development of the instrument, with special consideration given to any implications this may have upon the repertoire that is performed.

Candidates must provide the examiners with clear, unmarked copies of all scores, including the piano part

In addition to the guidelines above, Level 3 candidates in Woodwind, Percussion, Band, Musical Theatre and Singing must consult the General Knowledge requirements in these syllabuses as they contain certain requirements specific to these syllabuses.

SPECIAL SERVICES

14. Use of Dictionaries

Candidates whose first language is not English may use a dictionary in written examinations, provided that the dictionary is English/Foreign Language. Candidates should at the time of entry advise the State Office of their intention to avail themselves of this regulation, outlining their reason for so doing. The State Office will then provide the candidate with an authorising letter. Candidates will be asked to present the dictionary and the authorising letter to the examination centre supervisor prior to the commencement of writing, for checking.

15. Candidates with Disabilities

AMEB makes every effort to accommodate candidates with disabilities by providing reasonable adjustments to the means by which examinations are undertaken (but not the examination requirements themselves). Teachers and candidates should contact the State Office for further details.

16. Non English-Speaking Candidates

On application to the State Office, non English-speaking candidates may seek to have an accredited interpreter present at their practical music examination. Candidates for written examinations are able to have the examination paper translated into their first language. For details please contact the State Office.

EXAMINERS

17. Examiners for Diploma Examinations

There shall be two examiners for ATMusA, LTMusA, Associate and Licentiate Practical and Theoretical examinations.

Fellowship examinations will be examined by a panel of three examiners, chaired by an AMEB Federal Examiner. One of the other examiners will be an AMEB examiner who is a specialist in the instrument being examined or the instrument area. The other examiner will be a person who is not currently an AMEB examiner and is a recognised specialist in the instrument being examined or the instrument area. At least one of the three examiners will be a specialist in the instrument being examined.

19. Additional and Prerequisite Requirements

(a) Prerequisite Requirements: LTMusA.

For this diploma examination as set out in Table A, candidates must pass a prerequisite examination, which is regarded as a qualifying examination, before entering for the principal examination. A pass in any higher grade than the stated prerequisite will be accepted.

It is the responsibility of the candidate to give notification as to the date of passing this prerequisite requirement, and the centre at which such examination was held.

(b) Additional requirements: Grades 6, 7 and 8 practical; Certificate of Performance, Associate and Licentiate practical, Associate and Licentiate Theory and Musicianship.

For these examinations, as set out in Table A, an additional examination is required. In the case of these examinations, the additional requirement need not be completed before the principal examination, but, until both the principal examination and the additional requirement are passed, the examination is incomplete, and no certificate will be awarded.

It is the responsibility of the candidate to give notification as to the date of passing this additional requirement, and the centre at which such examination was held.

(c) Alternative Examinations. Alternative examinations set out below will be regarded as satisfying the prescribed prerequisite or additional requirement.

A degree or diploma in music from a recognised Australian or overseas tertiary institution will be deemed to have met the prerequisite or additional requirement/s for: Grades 6, 7 and 8 examinations, Certificate of Performance examinations, Associate diploma examinations and Licentiate diploma examinations.

For practical examinations, qualifications earned through the alternate examining authorities as set out in the table will be deemed to have met the necessary additional requirements.

(d) Recommended pre-entry levels: Certificate of Performance; Associate practical; ATMusA

Although no prerequisites are required, it is recommended, as a guide, that before entering for the Certificate of Performance, candidates should have achieved a pass or above in Grade 8 practical in the instrument. It is further recommended, as a guide, that before entering for the Associate, for those syllabuses offering Certificate of Performance, candidates should have achieved a pass or above in Certificate of Performance. For those syllabuses not offering Certificate of Performance, the recommended pre-entry standard for Associate is a credit or above in Grade 8 practical in the instrument. Candidates also need to be aware of the Objectives for Certificate of Performance and/or Level 3 examinations. For guidance on the recommended pre-entry levels for the ATMusA, refer to the syllabus in this Manual.

20. Examinations in Sections

The subjects set out below are divided into sections as shown. Except where otherwise stated, candidates must pass all sections of the examination before a certificate is awarded. A separate fee is payable for each section. A certificate will be issued upon the successful completion of all sections of the examination within periods as prescribed – namely, for a two-section examination, within four years; for a three-section examination, within six years.

22. Certificates

Certificates will be awarded to candidates who fulfil the requirements of the award. Certificates specify the subject and grade or diploma of examination and the result obtained.

EXAMINATION PROCEDURES

23. Inability to Present for Examination

Candidates who are prevented by illness or other exceptional cause from presenting themselves for examination, should notify the State Office as soon as possible. On payment of a transfer fee, it may be possible to reschedule the examination. Details can be obtained from the State Office.

24. Accompanied/Collaborative Pieces

Examination pieces, other than Extra List pieces, which require Accompaniment or a Collaborative Artist may not be heard or assessed without the necessary Accompaniment or Collaborative Artist. The examiner is not permitted to play the Accompaniment or Collaborative Artist part for the candidate. If there is one such work lacking Accompaniment or Collaborative Artist the result will be reduced by one full grade; e.g. A down to B etc. If there are two or more such pieces then the result will either be reduced by two full grades from A to a C or, if the result would have been other than an A, 'unable to assess' will be stated on the report sheet, and an explanation made in the general remarks. Accompaniment of Extra List pieces is not required, even if the pieces are written with an accompaniment.

25. Pieces Not in the Syllabus

If a candidate presents a work which is not prescribed for the grade or diploma within the syllabus for which the candidate has entered, the examiner will indicate this to the candidate and will advise that the work cannot be heard. The candidate will be given the opportunity to substitute another work from that grade or diploma, but if no substitute is offered, the candidate will be asked to proceed directly to the next item of the examination. On the examination report, the examiner will note that the omitted work cannot be assessed as it is not prescribed for the particular syllabus, grade or diploma for which the candidate has entered. In grade examinations the absence of one work reduces the overall result by one full grade; e.g. A down to B etc. If two or more works are not assessed because the works presented are not prescribed for the grade within the syllabus for which the candidate has entered, the overall result will be noted as 'unable to assess' with an explanation being given in the general remarks. In diploma examinations, the absence of one or more works will result in no award being given.

26. Performance of Prescribed Pieces

Examiners may at their discretion hear the whole or any portion of the prescribed pieces presented for examination.

27. Written Examination Procedure

Candidates should note that no materials other than pens, rulers, pencils and erasers are permitted in written examination rooms.

28. Complaints

Every effort is made to make each examination an enjoyable event. The examiners are professionals in their field and are highly trained to conduct quality assessments and provide informative reports. Each State Office has established procedures for handling complaints. Should you have a concern or complaint about an examination, please contact the State Office.

PRACTICAL EXAMINATIONS

Levels 1, 2 and 3 Assessment

The syllabus objectives introduce each of the three levels of a syllabus. They specify the required areas of achievement within each syllabus and are the basis upon which candidates and teachers work and upon which candidates can expect to be assessed. The detailed Grading Descriptors report the candidate's achievement against the objectives for the level and the specific syllabus requirements for the grade.

Grading Descriptors: Grades – Levels 1 and 2

High Distinction – A+:

In addition to satisfying the requirements for an A grading (below), the candidate demonstrates outstanding achievement in meeting the syllabus objectives in all Sections, including performance flair, consistent technical fluency and penetrating stylistic insight.

Honours – A:

The candidate demonstrates an overall superior level of achievement in meeting the syllabus objectives in all Sections, in terms of musicianship, security of technique (including intonation, tone, phrasing, articulation, rhythm), and stylistic awareness.

Credit – B+ or B:

B+: In addition to satisfying the requirements for a B grading (below), the candidate demonstrates meritorious achievement against most of the syllabus objectives.

B: The candidate demonstrates an overall creditable level of achievement with appropriate development of musicianship, technique and stylistic awareness in accordance with the syllabus objectives. Some unevenness of achievement in meeting the syllabus objectives or between different Sections of the examination, may be apparent.

Satisfactory – C+ or C:

C+: In addition to satisfying the requirements for a C grading (below), the candidate demonstrates more than adequate achievement against some of the syllabus objectives in each Section.

C: The candidate demonstrates an overall adequate level of achievement in musicianship, technique and style in accordance with the syllabus objectives. Considerable unevenness of achievement in meeting the syllabus objectives, or between different Sections of the examination, may be apparent.

Not Satisfactory – D:

The candidate demonstrates an overall inadequate level of musicianship, technique and style and does not satisfy the syllabus objectives. Often this has resulted from inadequate preparation. Presentation is often hesitant, evidencing technical errors and/or an inappropriate sense of style.

SUBJECT CODE:

9999

Content

The candidate will be expected to choose a full recital programme, of approximately 80 minutes' music content (60 minutes' music content in the case of Brass, Woodwind and Singing).

The programme should show balance and cohesion. Works will be chosen to demonstrate the candidate's proficiency in a variety of musical styles or in any style preferred by the candidate in the area of specialisation (e.g. *Lieder*, contemporary repertoire etc). It is expected that complete works will be chosen (e.g. a complete sonata rather than particular movements).

The programme should be planned as two halves with a 20 minute interval.

If the candidate wishes to include contemporary works requiring prepared piano in the programme, this must be discussed with AMEB to determine whether it may be accommodated.

Chosen works which require Accompaniment or a Collaborative Artist(s) must be performed with the necessary Accompaniment or Collaborative Artist(s).

Memorisation

For pianists the entire programme must be presented from memory with the exception of contemporary works. For string players the entire programme must be presented from memory except sonatas and contemporary works. For other instrumentalists presentation from memory is encouraged but is not manda-

tory. For singers, presentation from memory is required except in cantatas and oratorio.

These requirements relate to both the video audition and the examination recital.

Entry

Candidates are advised that the process from entry to examination may take 12 months and it is suggested they contact their State Office for more information about the timeline and enrolment closing dates.

Candidates need to take three steps to enter for FMusA.

Step 1 - Programme submission:

Candidates will be required to submit their proposed programme, together with timings, for approval by AMEB. The programme should be submitted online via SCORE (where applicable) or exams.ameb.edu.au.

The Federal Chief Examiner will consider the programme and the candidate will be advised within three weeks of the approval, or otherwise, of the programme. No programme changes will be accepted after notification of approval has been provided. If the programme is not approved, the candidate may revise and resubmit their programme (if desired) once only up to two weeks after the initial notification is received. If the resubmission is also unsuccessful, candidates may recommence Step 1 after three months.

Step 2 - Video audition:

Following approval of the programme, candidates will be required to submit a video recording of a performance of their entire programme, for approval by AMEB. This is a key stage in the entry process and will determine whether the candidate is offered the opportunity to enrol for the FMusA examination. A fee will be charged.

The video audition should be treated as a formal recital performance, conducted in a high quality environment, with live audience if desired. The video must be recorded in a single session on a single day and must include each individual work in the complete programme, including multi-movement works and associate artists. The candidate may stop at the programme interval point or take short breaks between works if needed. Video recordings should be submitted online via SCORE (where applicable) or exams.ameb.edu.au.

The video will be considered by a panel of three current AMEB examiners, chaired by the Federal Chief Examiner. One of the other examiners will be a specialist in the instrument being examined. The candidate will be advised within four weeks whether their video audition has been successful and they may proceed to Step 3. If unsuccessful, the candidate may complete and submit another video recording within three months for assessment. No further resubmissions are allowed within 12 months at which point the candidate must restart the entry process.

Step 3 - Enrolment for examination:

Candidates must enrol for the recital examination with the AMEB office in their state within 12 months of the approval of their video audition. A fee will be charged.

Recital

The examination takes the form of a public recital.

Requirements regarding arrangement of the recital (including selection of venue, instrument requirements, rehearsal time, equipment, audience and programme preparation) are set out by the AMEB State Offices. It is the responsibility of the candidate to follow these requirements. Candidates should consult with their State Office for further information.

Appropriate dress for a public recital should be worn, and the candidate should be aware of the appropriate manner in which to acknowledge the audience and the associate artist(s) if applicable. It is the responsibility of the candidate to select and manage their associate artist(s) including payment of any expenses.

Candidates must bring to the recital three copies of the music for the examiners.

Assessment

Fellowship examinations will be examined by a panel of three examiners, chaired by an AMEB Federal Examiner. One of the other examiners will be an AMEB examiner who is a specialist in the instrument being examined or the instrument area. The other examiner will be a person who is not currently an AMEB examiner and is a recognised specialist in the instrument being examined or the instrument area. At least one of the three examiners will be a specialist in the instrument being examined.

In addition, the candidate will write a bass part for the remainder of the melody, showing an appropriate harmonic basis.
- (b) To a given bass, moving in even crotchets, and limited to four bars of simple time in a major key, the candidate is to add a simple melody. The added part may include unessential notes.

7. Rudiments

The recognition and writing of all major and minor scales (both harmonic and melodic), and their key signatures. (2 questions)

GRADE 6

0026

(A) Aural Section – 40 minutes

1. Pitch

- (a) Given the keynote of a major or a minor scale with not more than four sharps or flats to write with a key signature any note of the major or harmonic minor scale within the limits of an octave, played three times above or below the keynote. (3 tests)
- (b) To distinguish between major and minor triads in root position or inversion, and the diminished triad in root position, played three times. (3 tests)
- (c) Melodic dictation: The key, the keynote and the time signature being given, a short melodic phrase of eight notes in simple time, in a major key of not more than two sharps or two flats, beginning on the keynote, will be played six times. The phrase will consist of minims and crotchets only keeping within the limits of an octave. The candidate may begin writing at any time. One minute will then be given for the candidate to complete writing after which the phrase will be played once more for checking over. (1 test)
- (d) To distinguish between perfect, imperfect and interrupted cadences in major and minor keys. The key will be established and a short melodic phrase with the last two cadence notes fully harmonised will be played. The test will be played twice. (2 tests)
- (e) To recognise modulations from a major key to its dominant or relative minor key. The original key will be stated and the test played three times. (1 test)

2. Rhythm

To write from dictation the rhythm of a four-bar melodic phrase in compound duple time, using dotted minims, crotchets and quavers (dotted or undotted) and semiquavers. The time signature and the speed of the pulse will be given. The phrase will be played six times,

and the candidate may begin writing at any time. One minute will then be given for the candidate to complete writing after which the phrase will be played once more for checking over. (1 test)

3. Context

To recognise the main themes from any sections of the works selected for study in Q.4 below. Three short sections will be played and the candidate will be expected to state the section or movement from which the excerpt comes. Examples will generally be from 15 to 30 bars in length, and may be taken from any of the movements actually set for study. Each will be played twice.

(B) Written Section – 2 hours 30 minutes

4. Form, History and Instruments

To give short answers to a series of questions or to write a short paragraph on (i) Chamber music for strings and piano (possibly including woodwind) and (ii) Piano music. Particular reference should be paid to the chamber music of nineteenth century composers and to the piano music of Chopin, Schumann and Debussy. It is important to note that only questions of a very general nature are required in this section. Candidates are not expected to have detailed knowledge of particular works, but to have some idea of the range of the literature of the period, and some acquaintance with the several styles of composition of the composers mentioned. Examples of types of questions that candidates should ask themselves in this general background area referring to the piano music of Chopin, Schumann and Debussy are: What types of pieces did these composers write? What forms did they favour? What periods of composition do they represent? What are some of the characteristics of their style of composing? With regard to the section on chamber music of the nineteenth century for strings and piano (possibly including woodwind), types of questions to cover this field should include: Which composers wrote such works? What forms are usually used for various movements? What are some of the stylistic traits of the main composers of such works? An overview is thus required. Detailed knowledge of particular pieces should be restricted to the set works. (iii) To show a knowledge of the woodwind instruments of the symphony orchestra (flute, oboe, clarinet in B \flat and A, bassoon).

A knowledge of the ranges of these instruments and the clefs used by these instruments in orchestral playing is also expected.

Auxiliary instruments and instruments pitched in other keys e.g. piccolo, cor anglais, bass clarinet, clarinet in E \flat and contrabassoon, will not be examined. (2 questions)

Set Works

Candidates will need to analyse, and will be asked questions on, BOTH of the following Set Works:

SCHUMANN, *Piano quintet* in E \flat major Op. 44, first movement
CHOPIN, *Nocturnes* 1, 2 and 3 Op. 15 [complete work]

5. Melody

To write a balanced melody in a major or a minor key up to three sharps or three flats, to a four-line stanza of poetry. Credit will be given for sensitive treatment of the poetry. Phrasing should be included. The melody will be given for the first line of the poem, but if candidates prefer, they may choose to compose an original melody for the whole stanza. Modulation to related keys is desirable.

6. Harmony

Vocabulary – all major and minor chords and their inversions, and diminished chords in their first inversions, in major or minor keys; unaccented passing and auxiliary notes.

- (a) To harmonise a given melody or bass of approximately eight bars in a major or minor key in simple time, and in four-part vocal style. Modulations will not be required.

- (b) To add a part to a given melody or bass of not more than eight bars in a major or minor key, using unaccented passing and auxiliary notes. Modulation will not be required.

You are invited to join the 2021 AMEB Online Orchestra!

'Morning Star and Evening Star' was written by Indigenous songwoman Candace Kruger, Lann Levinge and Isobella Kruger and is based on an Aboriginal lullaby.
